WHERE TRADITION MEETS INNOVATION
THE ANNUAL CIVIL ENGINEERING FEST OF NIT ROURKELA

CADenigma

About the event:

In CADenigma, participants will showcase their CAD skills by designing a layout using Autocad 2D and 3D software on the spot. This competition tests the imagination and modeling abilities of participants. Experienced and knowledgeable structural design engineers will judge it.

Guidelines:

- The problem statement for the event will be released on the spot.
- The submission link will be released along with the problem statement.
- Participants are expected to use AutoCAD software for this purpose.
- Participants will be given **2 hours** to design the floor and elevation plans and submit them.
- Ten minutes extra each will be given at the beginning to read the Problem Statement carefully and at the end for submission. So, the Entire duration can be considered as 2 hours + 20 minutes. Submission after the said time will not be entertained.
- Drawings must be submitted both in .dwg and .pdf formats.
- Participants are required to work individually. No teamwork is entertained.
- Participants are not allowed to use or copy any resources available over the internet.
- Use of any unfair means is strictly prohibited. Any kind of plagiarism, if found, will lead to disqualification.

Judging Criteria:

It will be entirely based on submission. For tie-breakers, the time of submission will be considered.

Pre-requisites:

Participants should have AutoCAD installed on their desktop/laptops. They can download the student version of AutoCAD 2020 from the link:

<https://www.autodesk.com/education/edu-software/overview?sorting=featured&page=1>

Participants can also use <https://web.autocad.com> for designing purposes.

Registration Link:

<https://forms.gle/LW2HveKTK1gcwG18A>

Prizes:

- Prizes worth ₹5,000/- will be given to the winners.
- Certificate of Participation will be issued to all the participants.
